Start date: 8pm

End date: 9:30pm

Protocol by: Annika

Intro round:

Whats your name? How are you? How was your day? Favorite/Last spotify song? Fetish?

BBP & finances:

- Arne joined last meeting (last Thursday, 28th of April)
- We can join the money pool
- Our new cashier: Rofaïda
- ask Moritz about our share of Semesterbeitrag & how we're allowed to spend the money → Claus

FS database:

- Claus will set up a FS google account and share pw and any other important info with us
- done 2022-05-04 12:53

All-purpose tutorials:

- Trouble with booking the rooms
- More advertising to do: teachers distributing info in their courses

Frederik introducing himself & his position as person of contact for FS

Collection of new idea(s):

- get together with other FS, e.g. computer sciences, exchange and organize events together → bridge the gap / get **interdisciplinary** :)
- Q&A between staff and students: **“How does the academic world look like when you’re working in it?”** How do you get a job in academia?; this event could also be used for teachers to get to know future tutors?
→ Nicolai volunteered to take over organization (+ possibly others in the Telegram group)
- teachers getting immediate **feedback after lectures** via QR code that links to a moodle quiz: multiple choice/short answer format → send around an EMail explaining how “extremely easily” this can technically be implemented
→ Daniela and Victoria taking over responsibility

- have a newsletter for job offers

Socializing events, esp for Erstis:

- revive speed dating event, pub crawls, Stammtisch
- all-purpose tutorials
- FS meetings
- Ersti Hütte

Website Intro:

- find date :)
