## **Topic 1: Student Council Finances**

- What is a Fachschaft:
  - Important to know due to fiduciary concerns
  - Technically, all students of a faculty form a Fachschaft
  - 'Fachschaften' are part of the public body 'Verfasste Studierendenschaft Tübingen K.d.Ö.R.' → legally only presidents can sign on behalf of the Fachschaft
- Where does the money come from?
  - Important thing: three different sources (part of the Semesterbeitrag, Qualitätssicherungsmittel, and diverse private funds (can be allocated freely))
  - First two funds come with many strings
  - Fachschaftsbudgets:
    - 30% of fees paid by students of the Fachschaft
    - Budget can be drawn up to coordinate yearly expenses, not mandatory, not legally binding
    - Workflow Abrechnungen [insert picture from presentation]
    - Hand in original bills immediately
    - Submitting funding requests:
      - Below 150: documented decision is sufficient
      - Above 150: consult office, alternate quotations are required, DO NOT BUY WITHOUT CONSULTATION

- StuRa Grants for student projects:
  - Open and accessible for all students
  - Project-related
  - Need to be compliant with Guidelines for funding
  - Not admissible for food, but e.g. lecturer's fees
- Qualitätssicherungsmittel:
  - Very tightly regulated

## **Topic 2: Fachschafts E Mail**

- Ask ZDV about changing the email address to something more memorable
